

Population viability analysis for the endangered Colorado pikeminnow

YOUR NAME HERE

Type your recommendations here (**delete all of the the included text after you have read it!**). Be sure to refer to the instructions provided by the writing center for help on how to format your recommendations and what information needs to be included.

After you have a draft ready, you may schedule an appointment with the science writing center to get feedback on the draft. If you do this and document it, you will receive 4 points on the assignment.
